The mission of the Small Group Ministry is to bring people into a personal relationship with Christ and the fellowship of the Christian community by offering diverse opportunities for people to connect with each other and God in small-group settings.

Our Community Small Groups

If you're new to Imago Dei MCC, we encourage you to join us in one of these groups. They are a great opportunity to meet some folks, ask some questions, talk to an existing member or two or think about next steps.

Check out the web calendar for groups currently in progress or coming soon or contact us at smallgroups@imagodeimcc.org.

5 Steps to a Faith That Works

What questions of faith do you struggle with? Do you share your faith with others? Do you question faith and its place in your life? Do you understand clearly Jesus' place in your journey of faith? This study works through five steps toward fully understanding and sharing our faith

A Season of New Life

Using the season of Lent and Easter as a background, we will look at using contemplation, surrender and discipline to achieve a new level of joy and peace in our lives.

Study Group

Do you now -- or have you ever -- felt the Spirit of God calling you to some type of change in your spiritual life? What kind of "transformation" are you most in need of?

Spiritual Refreshment

If you are stressed, overworked, restless and discontented, wishing you had more energy to focus on God, this series is an invitation to you.

There is hope. There are cool waters of refreshment and renewal for your body and soul. There is a God who has never stopped loving you.

Faith in Film

Discover something about your faith through cinema! Following each movie, a brief discussion will take place related to the movie viewed and our own faith journeys.

IDMCC Bike & Hike

Tending to God in our lives affords us knowledge about ourselves, while it sustains us and creates us anew. In a garden, tending to the soil and light ultimately provides the nourishment and ability for plants to take root. Like plants, we have places that we dig our life roots into deeply and that nourish us. If your life is a garden...in what type of earth does your garden grow?
